Güz dönemi başında yapılan Seviye Tespit Sınavına üniversiteye ilk kez kayıt yaptıran ve hazırlık eğitimi alacak öğrenciler, bir önceki akademik yılda hazırlık eğitimi alarak başarılı olamayan öğrenciler, çift anadal ve yandal programlarına başvuran, yatay ve dikey geçiş yapanlar ile merkezi yerleştirme ile yerleştirilenlerden daha önce hazırlık eğitimi almamış veya alıp da başarılı olamayan öğrenciler ve zorunlu hazırlık sınıfı olmayan bölümlerin YÖK zorunlu derslerinden muaf tutulmak isteyen öğrenciler girer.

Bahar dönemi başında yapılan Seviye Tespit Sınavına ise Bahar dönemi başında çift anadal ve yandal programlarına başvuranlar ile yatay ve dikey geçiş yapanlardan daha önce hazırlık eğitimi almamış veya alıp da başarılı olamayan öğrenciler girer.

Seviye Tespit Sınavı'nın temel amacı hazırlık okuyacak öğrencilerimizin dil seviyesini tespit etmek ve onları bu sınav sonuçlarına göre ilgili kurlara yerleştirmektir. Sınavda "kelime bilgisi", "dil bilgisi" ve "okuma-anlama" alanlarında bilginizi ölçmeye yönelik çoktan seçmeli 100 soru bulunmaktadır. İngilizce hazırlık programı için tüm sorular Global Scale of English (www.english.com/gse) de bulunan öğrenme çıktılarına göre hazırlanmıştır. Fransızca, Almanca ve Rusça hazırlık programlarında benzer öğrenme çıktıları baz alınarak sınavlar hazırlanmıştır.

GSE aralıklarına göre sınavda sorulacak soru sayıları aşağıdaki tabloda gösterilmiştir.

Levels	GSE Range	Vocabulary	Grammar	Reading	Toplam Soru Sayısı
C	22-29	4	7	1	30

Commonly, the concept of food security is defined as including both physical and economic access to food that meets people's dietary needs as well as their food preferences. Food security is a complex sustainable development issue linked not only to health through malnutrition but also to sustainable economic development, environment, and trade. Agriculture remains the largest employment sector in most developing countries, and international agriculture agreements are crucial to a country's food security. Some critics argue that trade liberalization may reduce a country's food security by reducing agricultural employment levels. Concerns about **this new trend** have led a group of World Trade Organization (WTO) member states to recommend that current negotiations on agricultural agreements allow developing countries to re-evaluate and raise taxes on key products to protect their national food security and employment.

Technology suggests permanent change and improvement. Once a new technique is discovered and adopted, society does not attempt to return to the former technique. The automobile displaced the horse; the electric bulb replaced the gas lamp; and the word processor has made the typewriter **obsolete**. This advancing march of technology is called "progress". Such progress does not exist in fine arts. The skill of the artist depends on knowledge and experience, just as the skill of the technician does. However, the creative processes involved seem to be different. Today, for example, one can admire the design of a Roman chariot, but few people would ever want to depend on it as a regular means of transportation. By contrast, it is still possible to walk into the Vatican's Sistine Chapel and be astonished by the magnificence of Michelangelo's frescoes. These paintings have an excellence that will never become out-of-date. A work of art, whether it is a painting by Titian or a concerto by Mozart, is not a stepping-stone to something else that will someday be considered better. It is not like **the vacuum tube**, which served its purpose well enough until the transistor was invented. Each artwork stands on its own. Even poor imitations cannot damage the **integrity** of the original. That is why, the original embodies its goodness and lasts forever.

1. The word "**obsolete**" probably means _____.
 - A. former
 - B. striking
 - C. out of date
 - D. essential
2. Which of the following is **TRUE** according to the text?
 - A. Today, few people appreciate Roman art.
 - B. Technicians rely on experience in their skills.
 - C. Fine arts and technology go through the same process.
 - D. Chariots are commonly used as a means of transportation.
3. The word "**it**" refers to _____.
 - A. Roman Chariot
 - B. transportation
 - C. Sistine Chapel
 - D. creative process
4. We can conclude from the text, people _____.
 - A. use word processors and typewriters interchangeably
 - B. admire a piece of art if it is useful
 - C. do not tend to use previous technology
 - D. consider a new piece of art to be superior to the previous one
